

MATH WORD WALL

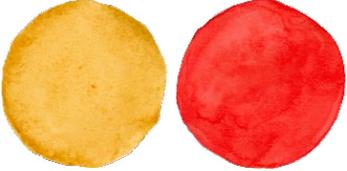

kindergarten

- 120 MATH TERMS ALIGNED TO THE COMMON CORE
- BRIGHT, CLEAN, & EASY-TO-READ
- CLEAR VISUALS WITH SIMPLE, KID-FRIENDLY DEFINITIONS

Thank you STAY CONNECTED

Thank you for your interest in this resource! I hope that you and your students enjoy using it in your classroom. Please take a moment to read my Terms of Use below. I work very hard to create quality resources, and I greatly appreciate your support in protecting my work! If you have any questions at all, please email me at StarrSpangledPlanner@gmail.com. You can click [HERE](#) to provide feedback on this resource, and earn credits to help you save money on future purchases.

TERMS OF USE

you may

- Make as many copies as you need for your own personal and classroom use. You can purchase additional licenses for others at a discount under “My Purchases” on TpT.
- Save this file directly to your home or school computer
- Share the COVER PAGE ONLY of this resource on your blog with a link back to my TpT Store, or an “action shot” on social media platforms, giving credit to The Starr Spangled Planner.

you may not

- Share this item with your team, other teachers, or your school for free (either digitally or by copying it for them).
- Benefit financially from this resource in any way
- Post any other part of this document online on any website (including, but not limited to, Amazon Inspire,) blog, shared clouds, or drives...etc. (This includes personal classroom websites).
- Claim this work as your own.

about this resource

This resource includes a visual math word wall for Kindergarten for the **ENTIRE YEAR**. These bright, clean cards contain student-friendly definitions and clear visuals to help your students internalize important math vocabulary. While these terms are common core aligned, I am happy to consider additional terms if you require them to match your content. You can email me with any requests at StarrSpangledPlanner@gmail.com.

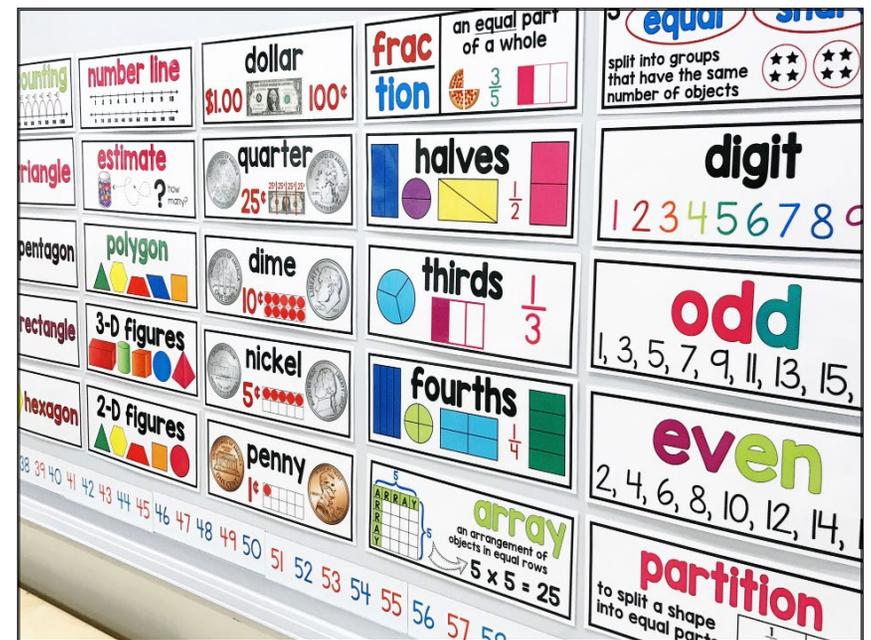

As of July 2017, this set includes 120 math terms (see next page for a full list.) There are an additional 12 terms at the end of this resource to include Canadian and Australian coins.

These words are organized by Common Core strand. This resource includes a full-page header for each strand, perfect to help organize your Math Word Wall display, or to help label your math center. There are also half page headers included, in case your space is limited.

These vocabulary cards print 2 per page in a landscape format. They are designed for easy assembly, so you only need to make one cut down the middle of the page. (making each card 4.25 x 11 inches)

I recommend printing on white card stock and laminating prior to cutting each page (this will save A LOT of cutting later!) I hope you and your students enjoy this resource! Feel free to contact me with any questions. Happy Teaching!

OPERATIONS AND ALGEBRAIC THINKING

add
 to bring two or more numbers together to make a new total
 $1 + 1 = 2$

addend
 Any of the numbers that are added together
 $+ 1 = 2$

+ addition **+**
 $4 + 2 = 6$

sum
 the result of adding two or more numbers together
 $1 + 1 = 2$

- subtraction **-**
 $6 - 2 = 4$

equation
 math sentence with an equal (=) sign and the amount on both sides are equal
 $1 + 1 = 2$
 $2 - 1 = 1$

$4 + 1 = 3 + 2$ **equal**
 the same amount

difference
 the result of subtracting one number from another
 $2 - 1 = 1$

repeating pattern
 A B A B A B A B A B

growing pattern
 A B C A B C D
